

How can I
HELP the people of AFGHANISTAN?

Beyond your prayers for the people of Afghanistan, you can now support the thousands of displaced people with essential needs and an opportunity to hear the Gospel. Team Expansion, a missions organization headquartered in Louisville, KY, has coordinated with known friends and workers with years of experience full-time and in-country. God raised up an entire network of dozens of Afghan believers and volunteers who are able to use overland solutions and local/public transportation options to carry bags of rice, flour, cooking oil, beans, tea, sugar, salt and blankets to those who otherwise have little to no resources. None of this is obligated to wait on airlifts and big trucks. In fact, it's already in process, helping the first 800 people in the first of the known 57 refugee camps.

Your gift will help provide a bag of rice, flour, cooking oil, beans, tea, sugar, salt, blankets, and/or other aid to those who otherwise have no resources. Every \$45 given will supply the needs for a family of 7 for an entire month.

Special gifts will be collected September 5 and 12. Please give prayerfully and designate your offering for AFGHANISTAN. All gifts from NHCC will be collected and forwarded to Team Expansion right after the 12th.
