

COVENANT GOD

Our children are studying our COVENANT GOD who keeps His promises. We will be looking at how God was faithful to the Old Testament heroes like Noah, Abraham, Isaac, Jacob, Joseph.

Archaeology is an incredible science that time and time again supports what is recorded in Scripture. The sources listed below give information that may be helpful in solidifying the TRUTH of the Old Testament accounts. They are not just “stories”, but have stood the test of time and scrutiny. It is reasonable that we believe in their historicity.

Please remember to test everything you read on the internet with the truth of God’s Word. Some of these references may include ideas that aren’t supported in Scripture. Take the good that is presented and challenge the bad.
